ABOUT ME

Results-oriented Lead Project Manager and Senior R&D Specialist with 8+ years of experience in the SEA gaming market.

Proven track record of generating **over 30 million Baht in profit** within two months through strategic game localization and publishing.

Expert in leveraging AI tools and Agile methodologies to drive cross-functional teams toward high-quality product delivery.

SELECTED PROJECT HIGHLIGHTS

High-Growth Game Localization (SEA Market)
Spearheaded localization and publishing strategies that generated 30M+ Baht profit in 2 months.

Development of 'Kumarn: The Wandering Spirit'
Led the project from concept to a successful playable demo at Were Buff Studio.

WORK EXPERIENCE

Lead Project Manager | Were Buff Studio Co., Ltd. — Apr 2023 – Present
- Control project scope through feature prioritization, level goal setting, and playtime optimization.
- Oversee GDD creation covering environment, UI, and gameplay mechanics.
- Implement AI workflows (Openclaw, Gemini, NotebookLM) to boost team productivity.
- Mitigate production risks and resolve bottleneck delays through strategic resource procurement.

Senior Game Designer | Smart Bits Games — Feb 2023 – Apr 2023
- Directed game design teams and conceptualized core game documents.
- Conducted market research and forecasting for new title potential.

Research & Development Specialist | SHIN-A Service — Jun 2022 – May 2023
- Studied marketplaces for traditional and blockchain games to identify business opportunities.
- Delivered strategic intelligence reports and campaign tracking analysis for executive stakeholders.

Project Manager | Brothers Pictures — Apr 2022 – Jun 2022
- Engineered detailed schedules and managed stakeholder relationships for NFT gaming titles.

Project Leader / Game Analyst | Gamax+ — Dec 2020 – Sep 2021
- Prepared game update promotions and events; conceptualized characters and mechanics.

Game Analyst & QA Specialist | Nexon (Thailand) — Jun 2017 – Dec 2020
- Analyzed campaign data and forecasted market success for KR/CN/TW titles in Thailand.
- Managed bug reporting and client testing within an Agile SDLC environment.
